Case No. 16-51325-MAR
Chapter 7
Hon. Mark A. Randon

TRUSTEE'S REPORT IN MINIMAL ASSET CASE

The Trustee, having been duly appointed, reports that he or she received assets of minimal value to the estate; that the Trustee has made diligent inquiry into the whereabouts of property belonging to the estate; and that there are minimal assets in the estate.

On August 12, 2016, RMS Productions, Inc filed bankruptcy. On August 25, 2016, the Trustee collected an accounts receivable from Shaker Technology Group, Inc. in the amount of $1,615. On October 3, 2016, the Trustee collected a refund of premiums paid from Blue Cross Blue Shield in the amount of $379.30. These funds were deposited in the estate account. First Merit Bank supplied the Trustee with a UCC lien against all assets and therefore, the Trustee turned these funds over to the secured creditor.

The Trustee cannot warrant administration of this case as an asset case since the funds collected have been disbursed leaving no funds on hand. Bank statements reflecting the disbursement of the funds have been submitted to the United States Trustee for review, and a zero (0.00) balance now appears on the estate bank statement.

The Trustee further states that any nonexempt real or personal property listed by the Debtor under 11 U.S.C. §521(1) has not been administered, and it has no realized value.

The Trustee certifies that the above captioned case has been fully administered and he or she is entitled to be discharged.

WHEREFORE, the Trustee prays that the Court enter and Order discharging the trustee from office.
